

RICH STRIKE IN GOLD AND SILVER NEAR LUCKY BOY

Very rich strike of bromide and gold ore has been made between the Lucky Boy and Summit station, on the Bodie road, southwest of Hawthorne, by C. A. Gay. The discoverer of the new find has been prospecting in the vicinity of the strike for the past seven years, always confident that he would find something good that would repay him for his labor. At a depth of 25 feet a strong ledge has been cut, eight inches of which is rich bromide of silver ore on the hanging wall and 40 inches of brown gold quartz on the footwall. The new strike is creating considerable excitement, as the croppings are strong across the country formation. The owner has decided to let leases to responsible persons, reserving 200 feet, where the discovery was made, for himself.

"ONE ROUND" HOGAN GETS TIN DOWN TO WEIGHT

SAN FRANCISCO, Jan. 31.—"One Round" Hogan weighed 134 pounds last night, or just one pound over the limit for his fight tonight with "Harlem Tommy" Murphy. Hogan hammered away yesterday to finish his training, but he is not worrying about that extra pound. Murphy, who has taken life easy since Sunday, will step over the ropes for the 20-round contest in Oakland tonight as the favorite in the betting, though, so far, not a great amount of money has been placed.

ANOTHER NEGRO FIEND HANGED TO A TREE

CORDELE, Ga., Jan. 31.—A hundred men stormed the jail yesterday where Albert Hamilton, a negro, the assailant of a white girl, was confined and took him out and hanged him to a tree. The troops ordered here failed to arrive in time.

PRESIDENT DELIVERS SPEECH SAID TO FURNISH THE KEYNOTE OF THE REPUBLICAN CAMPAIGN

CLEVELAND, Jan. 31.—President Taft's three days' visit to Ohio began in Cleveland yesterday and before he returned to his private car he had spoken on peace arbitrations, talked Ohio politics with some of the leading politicians and sounded the "keynote" for the coming presidential campaign. He arrived in Columbus for a 36 hours' stay.

At the McKinley day banquet, given by the Tippecanoe club, Taft made a stirring appeal for the republican party to stand by its guns and rest confident that it has carried out its pledges. He declared he faced the future with equanimity and in the belief that the judgment of the country would prove him right in his opinion.

To his hearers it appeared that the speech on which the coming campaign might be fought was being delivered.

"Looking over the records of what has been done," said the president, "it seems to me we are armed with facts and things accomplished sufficient to meet our enemy in the open field and overcome him in the judgment of an impartial umpire. It seems to me there is no occasion for republicans to fear the issue with their knowledge of the progress that has been made in the last four years, with their adoption of the progressive principles indicated in their platform of 1908, and in the proposals of the administration since. They must, if they would serve their country well, discriminate between what is really progressive and useful and what is utterly at variance with sound, constitutional governmental and an economic policy."

He gave a comprehensive review of his administration and by the attention devoted to the tariff, indicated a willingness to go into the campaign on that issue alone.

SENSATION IS PROMISED IN THE DARROW CASE

Believed Detective Franklin Has Made Confession—State's Attorney Says Proof Is Conclusive and Conviction Is a Certainty—Trial Will Be Held In About Two Months.

LOS ANGELES, Jan. 30.—Although acting with all celerity, the prosecution in the case of Clarence Darrow, former chief counsel of the McNamaras, who is accused of jury bribing, does not expect to bring the noted lawyer to trial on the two indictments against him for a long time.

Meanwhile the county grand jury which reported the bills against Darrow yesterday, will continue its probe and W. Joseph Ford, the deputy district attorney who conducted the bribery investigation, declared that startling developments, wholly apart from Darrow and concerning only the conspiracy phase of the alleged national dynamiting operations of John J. McNamara and his "wrecking crew" might be expected at any time.

While extending to Darrow every personal courtesy, the assistants of District Attorney John D. Fredericks, his victorious adversary in the famous dynamite trial, are bent on procuring Darrow's conviction on the charges that he bribed Robert Bain, a sworn juror, and George N. Lockwood, a venieman, although the actual passing of the money, it is alleged, was entrusted to Detective Bert Franklin, who is scheduled to be tried on similar charges on February 27.

Arthur Keetch, an assistant district attorney, said yesterday that it would take several weeks to prepare for the trial.

"Darrow will be brought to bar in less than two months," he predicted.

Messages were received from District Attorney Fredericks, who is sojourning in Florida. Repeating the words of his chief, Keetch asserted that the case in the hands of the state was conclusive and that Darrow could not escape.

"We shall probably ask for abundant time in which to plead," said Earl Rogers, Darrow's chief counsel, "but shall not make a technical fight, though we shall make all preliminary motions which we deem necessary to protect Mr. Darrow's rights."

"So far as the defense is concerned the trial will be conducted on a high plane."

Rogers declined to discuss the rumor that Bert Franklin, the McNamara detective charged with

jury bribing, had made admissions to the state which were the basis of the indictments against Darrow.

"I recall cases where confessions were made and where acquittals were obtained nevertheless," said Rogers, adding that he referred to the San Francisco graft cases.

Franklin May Have Confessed.
LOS ANGELES, Cal., Jan. 31.—Whether the indictment returned against Clarence S. Darrow, the Chicago attorney, by the county grand jury, was based upon an alleged confession to that body of Bert H. Franklin, former McNamara defense detective, charged with jury bribing, probably will not be definitely known until the case comes to trial. Soon after the indictments against Darrow for alleged corruption of jurors in the McNamara case were returned yesterday rumors became prevalent that Franklin had told all he knew of the alleged jury bribing to the grand jury. Neither of the assistant district attorneys who have had charge of the investigation before the grand jury, nor Franklin himself would make any statement in denial. The prosecutors declared

that the public would be compelled to await the trial before learning what evidence was in possession of the state.

Franklin Is Silent.
Franklin, when asked if he had made any confession to the grand jury, said that he would not issue any denial nor would he confirm the rumor.

No surprise was caused by the return of the indictments, as it had been rumored persistently that the former chief counsel for the confessed dynamiters would be involved in the investigation into the alleged jury corruption. His own attitude indicated that he had reason to believe an indictment would be returned against him, as several days before the report of the investigators he had employed Attorney Earl Rogers to represent him.

Rogers was employed in the prosecution of the Times dynamiters soon after the blowing up of the newspaper plant and some surprise was occasioned when his retention by Darrow became public.

In a statement issued by Rogers, the attorney declared that he had absolute assurances of Clarence Darrow's innocence.

Atrocities in China Continue--Police Are Said to Be Raiding the Rebel Homes Stealing Wives and Daughters.

PEKING, Jan. 31.—The police of Mukden are systematically raiding the homes of prominent men, suspected of being in sympathy with the revolutionary party, assassinating them and carrying off their wives and daughters, according to a letter from a missionary received yesterday. Consular reports confirm the account of scores of murders nightly.

The letter of the missionary continues:

"Whole armies of mounted robbers are holding up and plundering travelers along the roads leading into Harbin. These brigands hold the rich for ransom, which has to be paid either in guns, ammunition or in money. They torture and kill their victims if the ransom is not forthcoming. The law-abiding Chinese of the vicinity are praying for the intervention of the Japanese in Southern Manchuria and of the Russians in the north."

General Chao Erh Hsun, the viceroy of the province of See Chuan,

who was decapitated by the revolutionists at Cheng Tu in December, was the brother of General Chao Erh Hsun, the viceroy of Manchuria. The latter is evidently determined not to share his brother's fate and perhaps is also exacting vengeance for his brother. General Chao Erh Hsun is the only vigorous opponent of republicanism among the remaining viceroys. He has adopted the method of employing hundreds of brigands as a police force and is legalizing the assassinations and other crimes committed by these desperado bands.

LONDON, Jan. 31.—Bombs were thrown early yesterday morning at the residences of the viceroy and commanding general at Tien Tsin but the attempts to destroy the houses with their occupants, among whom were several important officials, were not successful. According to a news agency dispatch received this morning, several arrests were made and it is believed the would-be assassins are among the prisoners.

SOLDIERS AND STRIKERS HAVE A SHORT BATTLE

A CURFEW LAW FOR HUSBANDS IS ADVOCATED

CHICAGO, Jan. 31.—A curfew law for husbands was advocated by Robert B. Glenn, former governor of North Carolina, in a speech here last night on the subject: "The Country's Need of Sterling Men and Women. The Man Who Stays Away from His Family at Night is the Most Contemptible Creature on Earth," he said. "I wish we had a curfew law for husbands—a law that would make every husband stay at home from 3 o'clock in the evening until 6 o'clock the next morning. A man's place is at home with his wife, helping to train the children in the way they should go."

RAILROAD TO THE ARCTIC

EDMONTON, Alberta, Jan. 31.—Athabasca Landing, the farthest north terminus in western Canada, was reached yesterday for the first time by train. The station is the end of a branch of the Canadian Northern, 30 miles north of Edmonton.

Two Hundred Textile Workers Give Battle to Troops--Militiamen Shoot at Ice Men Believing Them to be Strikers.

LAWRENCE, Mass., Jan. 31.—In a clash between 200 striking textile workers and a squadron of militia here yesterday, John Ramo, a Syrian, was stabbed in the chest by a bayonet and perhaps fatally injured.

The Syrians assembled with the intention, it is understood, of parading, and militiamen attempted to disperse them. The Syrians resisted and the soldiers found it necessary to charge them with their bayonets.

Rioting Occurred.

LAWRENCE, Mass., Jan. 31.—No repetition of yesterday's rioting occurred when the various textile mills opened their gates. The whole city is under control of the militia and picketing near the mill districts was stopped by the soldiers. There appeared to be a slight increase in the number of unemployed who went to work as compared with yesterday.

In the plains district where a body of Syrians attempted to form a parade about the time the mills were opening the militia forced them to disperse at the point of

bayonets. Several strikers are said to have been seriously hurt.

In the vicinity of the Arlington mills a crowd of strike sympathizers attempted to cripple the electric car service by cutting the trolley wires.

On Essex street, the scene of yesterday's rioting, all was quiet during the hours preceding the opening of the mills. The cars which ordinarily carry the workers to the various textile establishments were practically deserted.

Yesterday the city was as near under martial law as it is possible to be under the Massachusetts laws. Colonel Sweetser has under his command nearly two full regiments of soldiers totalling 1200 men.

Colonel Sweetser said the position of the militia was no longer that of waiting for trouble to develop, but that the soldiers were looking for trouble.

His orders to the troops are that persons shall not be allowed to run through the streets, and the military zone was extended to include the entire city instead of the mill district.

WHITE SLAVER CHARGED WITH TAKING GIRL FROM TONOPAH WAS GRABBED AT RENO

RENO, Nev., Jan. 31.—Charles Chelli, alias Charles Celli, a young Italian indicted on eight counts by the federal grand jury in San Francisco, charging him with procuring a girl in Tonopah, Mary Knez by name, and taking her to San Francisco for immoral purposes, was captured by Chief of Police Hillhouse, United States Mar-

shal Humphreys, Lieutenant Johnson and Chief of Police Devine on Sparks last night. He was located in an Italian home in Sparks and when the officers called there an Italian woman refused to allow them to enter. Chief of Police Hillhouse burst the door down and entered the house and located his man in a bedroom. The door of this was also locked but Chief Hillhouse forced it and captured Celli. The latter was fully dressed and had a suit case in his hand ready to leave the place. He intended to catch a train from Sparks and travel to Mexico.

For some time past Chief Hillhouse and United States Marshal Humphreys have been looking for this man and yesterday located him at Sparks, but waited until last evening before raiding the house.

Chelli was locked up in the city jail in Reno last night and this afternoon will be given a hearing before United States Commissioner Waldo for the purpose of identification. He will then be taken to Carson by United States Marshal Humphreys and there an order of the court will be secured and will be taken to San Francisco to stand trial.

The order for his arrest is authorized by President Taft and is addressed to the United States marshal for the district of Nevada. It charges Chelli with having enticed Mary Knez, aged 17 years, to leave Tonopah with him for the purpose of entering upon a life of prostitution. It also charges Chelli with purchasing tickets on an interstate railroad for Mary Knez from Tonopah to San Francisco, Cal. Chelli denies that he is the man wanted and refuses to discuss the matter.

BELMONT SELLS AT \$9 PER SHARE IN NEW YORK TODAY

NEW YORK, Jan. 31.—This afternoon there was a great demand for Tonopah Belmont Development company stock, with no buyers, but plenty of buyers. A few shares changed hands on the curb at \$9 per share.

Monday a new ledge was cut on the north crosscut on the 1100-foot level of the Belmont mine. This ledge carries small values, but is in new territory north of the Lilly Bell ledge, recently cut. No drifting has been done as yet, for the crosscut is not through the new find. This ledge, like all others of the great Belmont, will most probably result in the finding of rich ore bodies. The rise in the stock is on the true merits and conditions of the mine.

Hackenschmidt, the Russian Lion, according to a letter received here by Jack Curley, who is promoting the Johnson-Flynn fight. The wrestler intends to rest quietly in Paris until the bones reunite. Curley is awaiting the arrival of persons from the west with whom he will discuss the location of the Johnson-Flynn fight engagement.
